

ERRATA NOTICE

February 25, 2016

To: Florida Alternate Assessment Coordinators

From: Susan Izard, Special Education Director, Measured Progress

Subject: FSAA-Performance Task Administration

It has come to our attention that there is an issue with the **grade 8 mathematics** cutout packets.

Following is the information test administrators will need to correct this issue:

- The covers for the grade 8 mathematics cutout packets are mislabeled with the wrong form. However, the cut out cards within the packets are correct for all test forms. Please have the test administrators disregard the packet cover and use the grade 8 cutouts that have been provided within the packet.

Please share the above information with all teachers administering the Grade 8 FSAA-Performance Task Assessment.

We apologize in advance for any inconvenience this may have caused.
