

Test Materials Pre-Order Window

Dear Alternate Assessment Coordinator,

The pre-order window for FSAA Performance Task testing materials is now open. You may access the online ordering system at www.fl-alt.com. Please be aware that there are two additional Access EOCs this year (Civics and US History). The Access EOC assessments for 2016-17 include Algebra 1, Geometry, Biology 1, Civics, and US History. The Access Civics EOC MUST BE ORDERED for students enrolled in Access Civics (typically in middle school) through the online ordering system. Standard Access EOC materials should be ordered via the ORDER ACCESS EOC MATERIALS link on the MAIN MENU page. If you require braille/tactile graphics materials or one-sided response booklets for Access EOC assessments, the other relevant links on the MAIN MENU page should be utilized for these orders. There is no need to order standard Access EOC materials for those students who will use either braille/tactile graphics or one-sided materials. If you have trouble logging into the online ordering system, please contact Piedra Data Services at fl-alt@piedradata.com or call (305)254-9996/(305)254-9986.
