Know the Training Needs of **MY** District

**My Responsibilities**

- How many teachers in my district will administer the FSAA—PT?
- What printed materials do I need to prepare for the trainings?
- Which teachers will need face-to-face trainings? How many do I need to offer?
- When and where will I provide the trainings?
- Which teachers will view the training modules on the FSAA Portal? Will they do this as a group or individually?
- What has worked well in the past? What can be improved moving forward?
